

STRENGTHENING TRANSATLANTIC COOPERATION

Washington, DC | Brussels | Berlin | Paris | Ankara | Belgrade | Bucharest | Warsaw

In order to carry out its mission at the highest possible caliber, GMF relies on critical general operating support from private sector partners. As such, GMF designed the Business Alliance program to provide valued members with strategic access to our expert network and convening power throughout the year, including nearly 200 events hosted annually around the world. Events are carefully curated to shed light on issues of interest, provide platforms for our valued partners, and to foster dialogue and networking for transatlantic stakeholders. GMF welcomes the opportunity to work with Business Alliance members to customize and co-brand targeted and timely events for maximum mutual benefit in addition to GMF's regular work plan. GMF's headquarters in Washington, DC or any of our transatlantic offices are available for use in the planning efforts.
