

# GMF's Leadership Perspectives Schedule Summer-Fall 2017

GMF's Leadership Perspectives informs leaders about trends that are changing the nature of transatlantic relations. Each installment features known practitioners, lasts an hour, and uses instant messaging to steer content. Instant messaging also allows participants to share their perspectives, provide links to additional information, and explore opportunities for transatlantic collaboration.

GMF's Leadership Perspectives is made possible thanks to the generous support of NATO Public Diplomacy Division and GMF Alumni Leadership Council.
